P. LORILLARD'S DENIAL.

HE TELEGRAPHS TO JOHN HUNTER.

AN INVESTIGATION OF THE LAMPLIGHTER AFFAIR TO BE HELD.

A great stir was made among racing men yesterday by published reports that Pierre Lorillard, in a conversation with a reporter, had used extremely bitter and angry language in regard to the manner in which his celt Lemplighter was treated in the Brooklyn Handicap. It was said also that Mr. Lorillard had, in substance, declared that there was reato believe that a conspiracy had been entered into by certain persons to defeat Lamplighter in the handiby foul means. When Mr. Lorillard rend the lished article (which was not printed in The Tribune) he sent the following telegraphic dispatch to Hunter, president of the Board of Control:

"Jobstown, N. J., May 19.

"The report published in a New-York paper thi morning is a wholesale lie. I refused to see the reporter and he interviewed a friend, who merely stated that I was thankful Lamplighter came out of the race alive. Please show this. Please Lorilland.

Michael F. Dwyer has demanded an investigation, as intimations have appeared in print that he paid the starting fee, \$500, for each of William C. horses, with his own three starters, Banquet, Raceland and Nomad, might be able to prevent Lamplighter from winning the race. So the Brooklyn Jockey Club has asked the Board of Corirol to investigate the whole matter, and this will be done. It was asserted in the same published article which contained the alleged interview with Mr. Lerillard, that Frederick Gebhard had said before the Brooklyn Handicap that he would not bet on Lamplighter, because he had learned that there was a combination nst the colt and Lamplighter would not be al-

one reporter talked with the Dwyers and others at the Gravesend track yesterday in regard to this

M. F. Dwyer said: "It is true that I had three horses in the race, and I bet my money on Banquet and lost it, and I not only lost heavily on the race, but am abused. It is all wrong. I cannot under

President P. J. Dwyer said: "My brother and Mr. Lorillard both ask for an investigation, and the Board of Control will make one as soon as possible."

John Hunter, president of the Board of Control, remarked: "Mr. Lorillard's telegram to me to-day was entirely voluntary on his part. 1 had no previous communication with him on the subject. Seeing the article to-day concerning the handleap, he acted in a thoroughly sportsmanlike manner and denied the statements it contained."

Frederick Gebhard was quoted as saying that he beard in the paddock before the race that there was a conspiracy to defeat Lamplighter. Mr. Geblard said to a Tribune reporter that he was in the pudde k on handicap day. As usual there were rumors affect in regard to the race. He said that like hundreds of others he overheard many of them. One of the was that a bookmaker advised a friend not to bet on Lamplighter, as he was sure to be defeated. W.
In regard to several of the horses being run in the same interest, Mr. Gebhard said that such assertions were frequently made by various people. He may have repeated or have listened to such assertions, as many other persons did, but he never made a serious statement to that effect. He said that he was approached by a reporter in Delmonico's, where he was dining with his friend. De Courcey Forbes, but he did not make any positive assertions. He may have repeated some of the paddock gossip, but no more.

De Courcey Forbes said that The reporter asked for a copy of the telegram which he received from Fierre Levillard. He refused to say what it contained ind informed the reporter that it was a private elegram. "I refused to talk with him about the matter," he said.

The Prooklyn Jockey Club will ask that the race investigated, as both Mr. Lorillard and M. F.

Dwyer desire it. A F. Walcott said that he did not care to be quot-d

as "it is unsportsmanlike, and such ridiculous stories are a great injury to the turf. Such absurd stories are a great injury to the turn.

Sir Arthur, Japonica, Nockbarren, Picapockel, Temple scandals," he continued, "cause many wealthy men to refrain from owning a stable oferacers. I feel as if I ought to sell every horse in which I own an interest. As I am a member of the Board of Control and may have to sit in judgment on the case, I feel as if I should not talk about the matter, as I might be misquoted and make more trouble about the unfortunate affair." scandals," he continued, "cause many wealthy men to refrain from owning a stable of racers, I feel the unfortunate affair."

Colonel Thomas P. Ochiltree remarked: "It's so deuced impertinent to be asked questions about such a matter. If it were in England the matter would have been settled on the day of the race. Of course, the American racing authorities are not as far advanced as we are on the other side, but they are rapidly nearing the English system of

Mr. Lorillard is still at Rancocus. He is able to go out to drive on pleasant days. He may possibly come to New-York to-day.

The Brooklyn Jockey Club was favored with clear skies, an agrecable temperature, a good track, a large attendance and big fields yesterday, and the racing was in the main entirely satisfactory. In the fir race one of the English horses of Colonel North ratt, and came in last, a long distance behind his opponents. He was Sir Frederick Roberts, a bay horse by Wisdom, out of Candahar. J. Price, an English jockey, rede him. For a quarter of a mile sir Frederick managed to hold his own, but then he retired. Price worked earnestly and was considerably distressed a the finish. Colonel Thomas P. Ochiliree, the manager of Colonel North's American stable, backed sir Frederick, and induced many of his friends to do like wise. The trainer, Hadfield, declared before the race that Sir Frederick had an excellent chance to win-He appeared on the course in typical English ratches costume, and was closely observed. To many he seemed something of a curiosity. Colonel North's three year-old buy filly Landslip was entered for the fifth race, but after Bir Frederick's fallure, she was

of English lad of the peculiar name of Swash rode to victory in the third race and was generously lauled. Sport neded no riding, however, At weights he was many pounds better than any-

applianced. Sport needed no riding, however, At the weights he was many pounds better than anything clse in the race.

Joe Ripley, an outsider in the betting, won the second race easily. Ledy Rosemany collapsed in the first half mile. Mr. Beimont's horses do not seem able to carry their speed beyond the head of the homestretch, though they are fast for three farlones or half a mile.

Tormentor, humming like a circular saw, won the first race easily. Fairy did not start.

J. G. Cassatt, a brother of A. J. Cassatt, owned Equity, the winner of the Myrtle Stakes, but she was longht after her victory by M. T. Downing for \$8,000, which is \$2,000 more than her entered self-log price. Dowing declares that horses are being ran in selling races much too cheaply, and he proposes to have a few of them. It is sincerely regretted that Equity will end her days at Gloucester. Nomad might have besten Equity if Cox had not lost his whip in the stretch and attempted to recover it after it reached the gound. Bergen rode Mordotte with smexing patience, waiting in the rear for a mile, then gaining third place early at the finish.

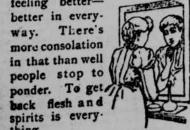

James Lombiy was reported by the patrol judges for the riding in this roce, and received from President Lwyer a severe reprimant. This youngster will lose his license if he is not careful.

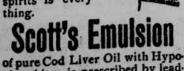

The Messrs, Keene took the fifth race with the bay colt Chorister, by Falsetto out of Addie C. their candidate for the American Derby. Chorister won ersity. He is a handsome colt, of great substance and considerable speed.

Mr. Lorillard's chestant colt Curacoa won the last race after a pretty stringsle with August Belmont's Patrician, who fluished second.

DETAILS OF THE RACING. FIRST RACE-Heavy handleap. Six furlougs.

peculiar features, and after the battle they were able to form some conclusion as to the cause of he wholesale slaughter of the local players on their the New-York and Washington teams, the local team winning after an unusually exciting game.

King, the pitcher, who received his notice of re-

reason for New York's victory was the really wonder fal support given by the other eight men. The Giants watched King's every move as w

small army of cats watch the nonse. When King would start the ball for the top of the stand little Doyle would fairly climb up into the air and pull down the ball. Ward made some remarkable stops and throws, and Faller was not far behind his captain in this respect. Therman and Burke made elever running catches, while Lyons in the first innings made one of the pretitest double plays of the season when he captured a fly sent out by McGuire and then retired Wise at the plate. Three other clever double plays were made and the onlookers did not leave their seats until the last man had been put out in the final liming.

It was at this point that O'Rourks, who once migrically lift and the control of the control o

With a man on second and two out he strode to the plate. A hit night win the game, and O'Rourke knew it. O'Rourke had tried to strike out in the seventh inning, but the third hall was wild and it game was over. Ternah made a wonderful running catch in the fourth liming. Burke sent a line drive to centre neld which looked like a home ran. Hoy, willie at full speed, fairly baped through the air, capturing the balt and striking squarely on his face; in fact gymnastic features were positiful. Here is

A GREAT GAME PLAYED IN BOSTON. BROOKLYN DEFEATS THE HOME TEAM IN THE TWELFTH INNING, 5 TO 4.

Boston, May 19.-One of the most exciting game In several seasons was played between Boston and Brooklyn at the south End to-day. It required twelve limings to seitle the supremacy, and all the enthuslasm was clowded into the last three. Stein and Stivetts were in great fettle. Not a hit was made off the Eostonian until the ninth inning, and a scratch hit by Stivetts was the only blot on Stein's

game by scoring three runs on a single by Daly, a sacrifice by Richardson, a double by Dailey and errors by Stivetts and Ganzel, the latter letting in two runs by an excusable muff at the plate. The crowd began to file out of the grounds, giving the game up as lost, but many were quickly brought back by the enthusiasm of those who remained. McCarthy got his base on balls and Nash drove the tall over the left-field fence. He stayed on third to bother stein, and Tucker kept up the fun by knocking A bunt by Lowe and a wild throw by

out a double. A bunt by Lowe and a wild throw by Dailey tied the score.

The crowd were wild, but their courage fell a little when Eurns led off with a hit in the tenth. Two bases on balls and a sacrifice brought in a run. Nash tied the score in Boston's half of the tenth with a home run. Neither side scored in the eleventh; but in the twelfth a must by Carroll, a sacrifice by Purns and a hit by Daly gave Brooklyn the winning on second. The score;

A RECEIVER FOR THE "CLOVER LEAF." JUDGE RICKS APPOINTS PRESIDENT CALLOWAY

ON PETITION OF CREDITORS. Cleveland, May 19.-In the United States Circuit Court this morning a receiver was appointed for the Clover Leaf Railroad. The order was granted by Judge A. J. Ricks in the United States District Court at 11 o'clock on the application of Stout & Cory, of New-York, who filed a bill against the Toledo, St. Louis and Kansas City Railroad, claiming that they have a judgment for \$40,000 in the Common Pleas Court at Toledo upon which execution had been returned unsattsfied.

In their bill these plaintiffs set forth that a large number of unsecured Caims are pending against the defendants to the States of Ohio, Indiana and Illineis, aggregating in all nearly \$1,000,000. Suits, they say, have been begun on many of these claims and others are about to be instituted, and the road is insolvent and unable to need them. The prosecution of this great number of suits as is set forth would entail a great accumulation of costs, and to avoid this unnecessary cost and to prevent the struggles of conflicting creditors and the depreciation of the property of the company and to protect all creditors alike, they asked for the appointment of a receiver.

Judge Ricks granted the petition, and named Samuel R. Calloway, of Tolede, the present president of the

company, for the office. Colonel Robert G. Ingersoil, general counsel for the company, who was present, consented to the appoint-ment on behalf of the company, and application was at once made before Judge Woods, of the United States Circuit Court at Chicago, for a similar appoint-

ment for Indiana and Illinois.
The Toledo, St. Louis and Kansas City Railroad Company extends from Toledo to St. Louis, a distance of 453 miles, and has its general offices in Toledo. It was formerly a narrow-gauge railroad, but a few years ago a number of large capitalists, with Samuel T. Kneeland, of New-York, formerly of the Union Pacific, at their head, secured control of the stock and greatly improved the property. Its gauge was changed to standard size, and to all appearances it was in a most flourishing condition. Its freight line was known as the "Clover Leaf," and it was apparently doing a

A RECEIVER FOR EALTIMORE AND LEHIGH. York, Penn., May 19.-Winseld J. Taylor, of Baltimore, was appointed receiver for the Baltimore and Lehigh Railroad, operated by the Baltimore Forwarding and Railroad Company, by Judge littinger here yesterday, on the application of Stewart, Niles & Neff, attorneys of this city, and H. Houseman, of Baltimore. Mr. Taylor's bourt of \$50,000 was approved. He is to serve for that pertion of the road in this state, a receiver for the Maryland portion having been appointed on Wednesday.

DISSATISFIED STOCKHOLDERS ACT. A COMMITTEE TO REPRESENT THEM AT THE

NORTH AMERICAN COMPANY'S MEETING. Numbers of large stockholders in the North American Company who are dissatisfied with the present management have requested ex-Governor Thomas M. Waller, of the law firm of Waller, Cook & Wagner; Henry Clews, of Henry Clews & Co., and Henry Budge, of Hallgarten & Co., to act as a committee issue, of tangates and to represent them at the annual meeting of stockholders to be held June 15. The three men have consented to act in this manner. A prominent stockholder said yesterday: "The pres price of North American stock is 10, whereas four years ugo, when it was the Oregon and Transcontinental Compatay, it sold at 64. The stockholders believe that with a change of management the price of the stock should be nearer its real value. This, according to the statement of the company's assets published a short time ago, should be in the beighber, bond of 19 or 20.

"The North American treasury, among other secur which those in control of that company will vote at the annual meeting of the Northern Pacific next October. This will have considerable to do it determining the election of the latter company. dissatisfied stockholders of the North American Com-pary, however, are anxious to put in the board men who will make a thorough investigation into the company's affairs and find out by what method of peculiar financiering the assets of the company have shruck from \$25,000,000 to \$8,000,000, or in other words why the assets represent only 20 for the stock, whereas they represented 64 four years ago."

READING MANAGEMENT CRITICISED.

ITS FOREIGN REPRESENTATIVE WRITES A LET-TER OF RESIGNATION TO MR. HARRIS. Philadelphia, May 19.-Isaac L. Rice, foreign repaccountant who examined the books of the company for the bondholders, to day sent a letter to President

Harris in which he says:

"The adjustment made with F. H. Prince & Co. in respect to the Boston and Maine stock transaction seems to me to establish as a principle in the management of the affairs of the company the power of the president privately to draw securities from the treasury of the company against his simple receipt, to use them as margin on stock speculations, and to involve the company in liabilities to an unlimited extent by reason of these speculations, provided only that he represents to the broker carrying the stock that the speculation is a company matter. I know that you were actuated by the best motives and only for the purpose of enabling you more speedily to carry out the plan of rehabilitation of the property which you have now under advisement, and which you believe to be of the greatest impor-

"I am no less convinced of the honesty, integrity and purity of the motives of the board of managers. Notwithstanding, however, the excellence of the intentions manifested, I consider the resolution December 24 a grave error, and I consider the adjustment as particularly unfortunate under the present uncture, involving as it does a principle the contrary of which ought to have been acted upon. Feeling myself therefore no longer in that full accord with your management in which an officer of the company ought to be, I am compelled to tender to you my resignation as foreign representative of the company. I have also thought it incumbent on me to tender to the Pennsylvania Company for Insurance on Lives and Granting Annuities my resignation as its agent for the purpose of investigating Reading affairs."

NORTHERN PACIFIC'S TRUST COMMITTEE.

The collateral trust agreement of the Northern Pacific Railroad was finally completed by the board of directors yesterday and it was executed by President Thomas F. Oakes. The Farmers' Loan and Trust Company is the trastee. Back of the notes to be issued under the agreement will be about \$50,000,000 par value in securities. The following committee was selected to act under the trust: Resewell G. was selected to act under the trust: Resewell G. Rolston, president of the Farmers' Loan and Trust Company; John A. Stewart, president of the United States Trust Company; James Stillman, president of the National City Bank; J. D. Probst, of the Stock Exchange firm of J. D. Probst & Co., and F. T. Gates. it is understood that Messrs, Stewart and Stillman represent subscribers other than the present holders of the floating debt; Mr. Probst represents the Deutsche Bank, of Berlin, speyer & Co., and alled interests, and Mr. Gates represents the Rockefeller interest. The company's officers gave out this statement: "The entire subscription of \$12,000,000 to the guarantee syndicate is now practically assured."

SPECIAL THIS WEEK ONLY.
S. S. THORP & CO.,
20 FULTON ST., N. Y.

Chicago, May 19 (special).—Wheat to-day was up a little, although the Western news was decadedly learish and even the cables were lower, But the cables were not so weak as expected, and for that reason the shorts, of whom there were a greatmany, left inclined to cover. Certain of the big professional bears who "put" a good deal of wheat Tairsday argat were inclined to got it back. People in the trade back from Kansas described the situation out there as more sensationally bad than any-body could believe without seeing. July wheat sold retween 7:37-8 and 74:58:674:3-4 and closed at 74:14:674:3-8 cents. The easy tone at the close was on the report from the seabcard that no export business was done, and on the siadoment that no wheat had been chartered, here. Minneapolis and Duinth receipts, 4:3 cars, were three times as many as the same day last year. At night on the carb "puts" on July were 73:7-8, "calls" 74:1-4. Corn was steadied some by wheat. July sold between 42:1-3 and 42:5-8 and closed at 42:3-8 cents. Western weather was perfect. Charters were made for 190, 000. Receipts are gold to increase. Puts were kept firm by bad reports from Kansas. July sold between 28:5-8 and 25:1-8 and closed at 28:7-8 cents. Frovisions were dull until the last bour. Then a turn or two was given to the screw by the pork buils; shorts who wanted to cover had to move up their idds, and the pelice was closed 45 cents over Thursday. Lard and tibs moved up in sympathy with pork, the former 12:1-2 cents, the latter 15 cents. THE TRADE IN CHICAGO.

THE PETROLEUM MARKUT.

Dulness continues to be the principal feature of crude oil speculation. There were no sales at the Stock Exchange yesterday, and only 5,000 barrels changed bands at the Consollinted Beard. The price was 59 cents, a fraction under Thursday's close, News from the perplement regions was unimportant. Refered quotations ruled at 5.15 cents a gailon in berryl, 2.65 cents in balk and 4.75 cents in cases. Foreign quotations were: Aniwers, 12-1-4 france; Bremen, 4.50 marks; London, 4-1-8a-4-1-4d.
